

## ✦ Using emotive language in describing a picture

*Example*

Many times animals are *neglected* or, worse, *deliberately abused*. Rabbits may never be taken out of *filthy, cramped cages*. Fish are left *gasping for air* in bowls of *dirty water*. *Lonely* dogs bark on their own all day when their owners go off to work. Just because animals are given food, water and shelter, it doesn't mean they are happy.  
(NOTE: Words in italics are emotive words)

Exercise: Write a paragraph using emotive language in describing the picture .
