### MATH

#### Concept-Huge/small

#### When Goldilocks went to the house of the bears

When Goldilocks went to the house of the bears

Oh what did her two eyes see?

A bowl that was huge

A bowl that was small

A bowl that was tiny and that was all

She counted them: one, two, three.

When Goldilocks went to the house of the bears

Oh what did her two eyes see?

A chair that was huge

A chair that was small

A chair that was tiny and that was all

She counted them: one, two, three.

When Goldilocks went to the house of the bears

Oh what did her two eyes see?

A bed that was huge

A bed that was small

A bed that was tiny and that was all

She counted them: one, two, three.

When Goldilocks went to the house of the bears

Oh what did her two eyes see?

A bear that was huge

A bear that was small

A bear that was tiny and that was all

They growled at her: grrr, grrr, grrr!

## SCIENCE

I'm a little scientist in my lab.

Pouring, pouring liquid, right then left.

Pop, pop, pop, pop! Bubbles everywhere.

Kaboom! Explosion! I must take care.

I'm a little scientist in my lab.

Mixing, mixing new stuff, right then left.

Squirt, squirt, squirt, squirt! Droplets everywhere.

Kaboom! Explosion! I must take care.

I'm a little scientist in my lab.

Growing, growing tiny things in there.

Zoom, zoom, zoom, zoom! Microbes everywhere.

Kaboom! Explosion! Let's try again.

Think, think, think with my brain, brain, brain.

I am a little scientist in my lab.

Thinking, thingking ways to work it out.

Yes, yes, yes, yes! Got it figured out.

Hooray! A brealthrough! Let's celebrate..
